### Door-to-door logistics solution

We offer you a complete door-to-door logistics solution. Our large domestic network offers a wide spread of transport options combined with our international shuttles and the international networks of our business partners. Our first and last mile service combines rail and road freight into one reliable supply chain.

### All types of freight

We transport all types of freight – steel, forest products, consumer goods, construction material and chemical products as well as industrial and automotive goods – in containers and trailers using conventional wagons.

### Sustainable logistics

Sustainable logistics with us includes minimal environmental impact, traffic safety, punctuality and cost-efficiency. For many years, we have been delivering fossil-free freight via electric trains, both on a large and a small scale according to our customers' requirements. Our shipments are carried out with low energy consumption using renewable energy.

### International shuttles

We offer fast international connections with our shuttles: Italy Direct (Malmö – Treviso) 3 days a week, Austria Direct (Malmö – Welz) 3 days a week and Denmark Direct (Malmö – Fredericia) 3 days a week.
